## EDUCATION

### Computer Science and Engineering (Bachelor of Engineering)

College of Engineering Guindy, Anna University

10/2022 - Present

CGPA : 8.74

### Higher Secondary Education

Kamlavati Higher Secondary School

05/2008 - 05/2022

Percentage: 97%

## PROJECTS

### Employee Management System (03/2024)

- A web-based system with admin and employees. Admins can manage employee, project assignments, salaries. Employees can view their details, projects, and salary history.

### Chess Game Outcome Prediction using Machine Learning (04/2024)

- Developed a machine learning model to predict chess game outcomes using Q-learning and the Minmax algorithm

### Online Room Booking Website (05/2024)

- Developed the website using React.js, incorporating dynamic UI components such as an image carousel, room reservation form, and blog page for showcasing rooms

### Medicine Store Management System (04/2025)

- Developed a full-stack application enabling administrators to manage medicines, track sales, and monitor inventory. The backend is built using Spring Boot with APIs for medicine and sales

### Pasikkodu: The food donation App (02/2025)

- Developed with React Native and Expo go, the app enables seamless food donation, request management, Location tracking, Email notifications and push notifications.
